Figure 1 is a cross-sectional view of a curved, segmented structure. The structure is composed of multiple segments separated by joints. The outer surface is labeled 21, and the inner surface is labeled 22. A specific joint is labeled 21a, and a segment is labeled 21b.

A diagram of a curved, segmented structure, possibly a biological or mechanical component. The structure is composed of several segments separated by joints. Label 21 points to the upper part of the structure, 21a points to a specific segment, 21b points to a joint, and 22 points to the lower part of the structure.
